

Dr. D. Nirmal has obtained his B.E. degree in Electrical and Electronics Engineering from Anna University, and M.Tech in VLSI Design from Karunya Institute of Technology and Sciences. He has completed Ph.D in Information and Communication Engineering from Anna University in the year 2013. He is presently working as an Associate Professor and Head in the department of Electronics and Communication engineering. His research interests includes Nanoelectronics, 1D/2D Materials, Carbon nanotubes, GaN Technology, Device and Circuit Simulation – GSL, Sensors, Nanoscale device design and modelling. He is a founding chair of IEEE EDS Coimbatore chapter. He has completed a project funded by DRDO, Government of India and currently handling a funded project from ISRO, Department of Space and Ministry of Electronics and Information Technology, India.

He has published more than 80 research papers. He is also a Senior IEEE member. He has delivered many lectures in National and International Level conferences/programs.
