

IEEE Madras Section Student Project Funding (SPF 2022-23)

Greetings from IEEE Madras Section.

IEEE Madras Section is happy to invite SPF proposals for IEEE Madras Section, Student Project Funding (SPF 2022-23). SPF was implemented during the year 2010 and being continues to benefit the student community to motivate the students for the proto type development. Under this scheme, Rs.6,27,500/- for 80 projects were funded by IEEE Madras Section from IEEE SBs across the state.

Who is Eligible?

IEEE student members are eligible to apply, who is undergoing UG(III/final year) program from the Engineering Colleges, with the guidance of IEEE Professional members working at Engineering Institutions of Tamilnadu and Pondicherry. Project duration period of maximum 6 months.

Detailed Abstract of the project in 3 to 5 pages in MS-Word format is to be sent to ieemas@gmail.com followed by a hard copy to the office address of IEEE Madras Section. The detailed abstract should contain the following: 1. Project title in English explaining Objectives, 2. Social relevance, 3. Methodology / Tools used, 4. Project estimation, 5. Acknowledgements from the Institution.

Covering letter with the following information is to be attached along with the detailed abstract: Name of the student(s) and guide with their contact and membership details Institution affiliation details of supervisor and students.

Personal declaration from supervisor and students with the Bonafide Certificate as per Annexure-I, should be sent along with the abstract.

General Instructions

Each college can submit maximum two student projects, final validation of the project will be considered, only if the project is completed in the form of a prototype. layout, breadboard assembly and software projects demonstration through laptop will be liable to get rejected.

Project guide, working in Engineering Institution can supervise, only one project in an academic year. All the project abstracts will be allotted a reference number by the section. All further correspondence will be made by referring the same.

Change of project name / team members will not be entertained after proposal submission.

Funded projects list of 80 projects (2010-2022) by the IEEE Madras Section SPF is given in Annexure - II, Repetition of the same project / similar projects will not be entertained for Student Project Funding again.

10 Projects, with the maximum amount of Rs.15,000/- will be granted with certificate based on the quality & usefulness of the project and the bill of materials. Final validation is done at the IEEE office will be selected/rejected based on the validation from the panel of judges. Only the selected project will be given funding and certification. Rest of the participants are not eligible for participation certificate or funding.

Schedule

Last date for Project Detailed Abstract submission: 30th Nov 2022, 5.00 PM

Intimation of shortlisted projects: 12.12.2022

Submission of Detailed Project Report: 18.03.2023

Project Demonstration at IEEE Madras section, Office, Chennai: 15.04.2023

Final Evaluation and Result announcement: 15.04.2023.

Thanking you,

Sincerely

Dr. V. Nagarajan
Chairman Sub- committee (IEEE Student Project)
IEEE Madras Section
